OF GPP PROCEDURES TO PROMOTE A TRANSITION TOWARDS A
CIRCULAR ECONOMY**

Online Survey

Gap Analysis – Activity A1.2

WP1

This document is the Word version of the online English questionnaire made available through the Lime Survey platform. It is provided to allow translation into the language of the target country, in order to support participants who may need assistance. Each project partner is responsible for translating the questionnaire into their national language.

[English Version]

PARTECIPANT INFORMATION

To better understand the context of your responses, we kindly ask you to provide some basic information about you. This will help us analyze the results more effectively and tailor future project activities to specific needs across the ADRION region. Your data will be treated confidentially and used only for project purposes.

1. **Country of Affiliation**
2. **Type of Organization**
 - Public Authorities – National Level
 - Public Authorities – Regional Level
 - SME / Small or Medium-sized Enterprise
 - NGO / Non-profit Organization
 - Research / Academic Institution
 - Civil Society

GPP IMPLEMENTATION: BARRIERS, NEEDS, AND PRIORITIES

This section gathers insights on GPP implementation barriers, market needs, and capacity-building priorities.

1. **Are you aware of the European Commission's guidelines and recommendations on Green Public Procurement (GPP)?**
 - Yes, I am familiar with them
 - I have heard of them but am not familiar with the details
 - No, I am not aware of them
 - I don't know where to find them
2. **Are you aware that the Commission is proposing minimum mandatory GPP criteria and this will influence the market?**
 - Yes, I am familiar with them
 - I have heard of them but am not familiar with the details
 - No, I am not aware of them
 - I don't know where to find them
3. **What are the main barriers you are experiencing in applying GPP ?**
 - Regulatory barriers (lack in consistent regulation)
 - Financial barriers (Lack in green products or budget)
 - Cognitive barriers (e.g., lack of awareness, resistance to change)
 - All of them
 - Other (please specify)
4. **In your country, are there clear laws supporting the adoption of GPP?**

- Yes, there are clear laws
- There are laws, but they are unclear
- No, there are no specific laws

5. Have you ever encountered difficulties in interpreting GPP-related laws or regulations?

- Yes, frequently
- Yes, occasionally
- No, never
- Not applicable – there are no specific GPP laws in my country

6. Have you ever encountered difficulties justifying the higher initial cost of green products compared to conventional ones?

- Yes, frequently
- Yes, occasionally
- No, never
- Not applicable – GPP is not implemented in my country

7. How ready do you think your colleagues and procurement managers are to adopt GPP practices in their work?

- Very ready
- Fairly ready
- Slightly ready
- Not ready at all

8. Is GPP seen as a priority in your organization?

- Yes, it is a priority
- It is a priority, but not enough
- No, it is not considered a priority

9. Have you encountered difficulties in identifying suppliers that offer green products or services compliant with GPP criteria?

- Yes, frequently
- Yes, occasionally
- No, never
- Not applicable – GPP is not implemented in my country

10. What are the biggest challenges your organization faces in implementing green procurement?

- Lack of knowledge

- High costs
- Insufficient supplier options
- Resistance to change
- Other (please specify and explain)

11. Does your organization have a formal monitoring system to track the implementation of GPP?

- Yes
- No
- I don't know

12. What type of technical support or resources would you need to apply GPP more effectively?

- Detailed guidelines
- Digital tools for managing GPP
- Access to experts or consultants on GPP
- Case studies and best practices from other organizations
- Sector-specific training
- Other (please specify)

13. What prevents you from applying GPP effectively in your work?

- Lack of financial resources
- Difficulty in finding qualified suppliers
- Legal or regulatory uncertainties
- Resistance to change within the organization
- Lack of support from top management
- Lack of specific knowledge
- Other (please specify)

14. What do you think could incentivize supplier involvement in GPP?

- Offering financial incentives (discounts, rewards, etc.)
- Greater clarity in selection criteria
- Training and support for suppliers
- Creating a network or platform for green suppliers
- Regulatory obligations for suppliers
- Other (please specify)

15. What support do you think SMEs need to effectively participate in GPP?

- Access to information on GPP regulations
- Financial support or incentives
- Supplier networks or platforms for green products
- Improved training programs on GPP
- Other (please specify)

16. What support do you think Public Administrations need to effectively participate in GPP?

- Access to information on GPP regulations
- Financial support or incentives
- Supplier networks or platforms for green products
- Improved training programs on GPP
- Other (please specify)

GPP TRAINING AND ENGAGEMENT OPPORTUNITIES

A call to action!

Would you be willing to attend a 20-hour training session on these topics provided by this project?

- Yes
- No
- Add note if you want

Would you be willing to become a GPP Ambassador?

(A GPP Ambassador is someone who has completed the 20-hour training course and can serve as a contact point in the region for GPP-related issues.)

- Yes, I would be willing
- Maybe, I would need more information
- No, I would not be interested
